

/home/sst/code/Incremental
FE/IncrementalFE/include
/incremental_fe/fe_model.h

```
graph BT; A["/home/sst/code/IncrementalFE/IncrementalFE/include/incremental_fe/scalar_functionals/omega_lib.h"] --> C["/home/sst/code/IncrementalFE/IncrementalFE/include/incremental_fe/fe_model.h"]; B["/home/sst/code/IncrementalFE/IncrementalFE/include/incremental_fe/scalar_functionals/psi_lib.h"] --> C;
```

The diagram illustrates a file dependency structure. At the top is a gray-shaded box representing a header file: /home/sst/code/IncrementalFE/IncrementalFE/include/incremental_fe/fe_model.h. Below it are two white boxes representing source files. The left box is /home/sst/code/IncrementalFE/IncrementalFE/include/incremental_fe/scalar_functionals/omega_lib.h, and the right box is /home/sst/code/IncrementalFE/IncrementalFE/include/incremental_fe/scalar_functionals/psi_lib.h. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
